## EXPERIENCE

### MOMENTUM LEARNING • MAY 2019 – AUG 2019

Momentum Learning is an immersive, three-month web development program in Durham, NC. The course primarily utilized Python, JavaScript, HTML, and CSS. Topics covered include AGILE development, web applications, databases, version control, object-oriented programming, test-driven development, and pair programming, among many others.

### LEAD LINE COOK • OGDEN TAP ROOM • MAY 2018 – MAY 2019

I was responsible for keeping the kitchen running in an efficient and effective fashion, maintaining inventory, training new line cooks, and sometimes even creating menu specials. I was almost always the last out at the end of the night, and was accountable for keeping the kitchen a clean, sanitary work environment; I was responsible for a three-point increase of the restaurant's sanitation rating on the first inspection since I assumed my role. Excellent communication, team-working, and leadership skills were crucial for my role.
